Chapter 5 - Autodesk Navisworks Productivity Tools	
Displaying Grids and Levels in an Autodesk Revit File	5-2
Linking Files and URLs to the Objects in the Scene	5-4
Adding Links to the Objects in the Scene	5-5
Turning On the Visibility of the Links in the Scene	5-7
Controlling the Global Display of Links	5-7
Editing the Links Assigned to the Objects	5-8
Following the Links Assigned to the Objects	5-9
Comparing Models or Objects in the Scene	5-10
Procedure to Compare the Models	5-11
Linking External Databases to the Autodesk Navisworks Objects	5-12
Getting a 64-Bit Computer Ready to Use DataTools	5-13
Linking Database Properties	5-13
SQL Query Strings	5-16
Working With the Batch Utility Tool	5-17
Splitting the Autodesk Navisworks View	5-21

Table of Contents	xv
Working With the Full Screen Display	5-22
The SwitchBack Functionality	5-23
Hands-On Exercise (Plant)	5-26
Hands-On Exercise (Building)	5-40
Skill Evaluation	5-54
Class Test Questions	5-55
Chapter 6 - Working with the Presenter and Autodesk R	endering
Modules	
The Presenter and Autodesk Rendering Modules	6-2
Setting the Preferred Graphics System	6-2
The Presenter Module	6-2
Assigning Materials Using the Presenter Window	6-3
Procedure to Assign Materials to the Objects in the Scene	6-8
Adding Lights to the Scene	6-9
Procedure to Add Lights to the Scene	6-10
Adding Rich Photorealistic Content (RPC) to the Scene	6-16
Adding Background, Environment, and Foreground Effects to the Scene	6-17
Controlling the Render Quality	6-18
Controlling the Texture Mapping on the Objects	6-19
Assigning Materials Based On Rules	6-21
The Autodesk Rendering Module	6-23
Procedure to Assign Materials Using the Autodesk Rendering Window	6-25
Procedure to Add Materials to the Favorites Library	6-25
Procedure to Change the Material Mapping Type	6-26
Procedure to Change the Material Mapping Options	6-26
Procedure to Add a Point Light to the Scene	6-29
Procedure to Add a Spot Light to the Scene	6-30
Procedure to Add a Distant Light to the Scene	6-32
Procedure to Add a Web Light to the Scene	6-32
Interactive Ray Trace Rendering of the Autodesk Navisworks Scenes	6-36
Exporting Rendered Images	6-36
Hands-On Exercise (Plant)	6-38
Hands-On Exercise (Building)	6-54
Skill Evaluation	6-75
Class Test Questions	6-76
Chapter 7 - Working with the Animator and Scripter Mo	dules
The Animator Module	7-2
Animator Toolbar	7-2
Animator Tree View	7-4
Animator Timeline View	7-6
Procedure to Create Animator Animations	7-6
Animating the Object Transformation	7-6
Controlling the Transparency of the Objects in the Animation Set	7-8
Changing the Color of the Objects in the Animation Set	7-9

Adding a Blank Camera Animation to the Animator Scene Adding a Saved Viewpoint Animation to the Animator Scene	7-10 7-11
Adding a Section Plane Animation to the Animator Scene	7-11
The Scripter Module	7-12
Scripts Area	7-12
Events Area	7-13
Actions Area	7-15
Enabling the Scripts	7-17
Procedure to Add Interactivity to the Model Using Scripts	7-17 7-18
Exporting Animations Hands-On Exercise (Plant)	7-10
Hands-On Exercise (Building)	7-39
Skill Evaluation	7-57
Class Test Questions	7-58
